Exciting **ELIMINATOR**
Championship Round format!!

It's a unique opportunity to test your team's skill
& accuracy on a **Collegiate** lane pattern.

Limited to 60 teams. (details inside)

Entry Requirements

This high school tournament is managed by the Wright State University Bowling Club in conjunction with sponsorship and supervision by Yellow Springs High School. This tournament will observe the rules and regulations of participation and play of the Ohio High School Athletic Association (OHSAA). Participation is open to any 2019-2020 school-sponsored bowling team.

Due to facility considerations, the maximum number of teams is limited to sixty (60) and will be determined based on the date the paid entry is received. First come-first serve. **Unpaid entries will NOT be accepted by telephone or E-mail.** Tournament management reserves the right to balance the boys & girls fields with an even number of teams in each gender division for lane assignment purposes.

Spectator admission of \$6.00 will be charged. Children age 6 & under: N/C.

Each team may admit a maximum of 8 uniformed bowlers and two (2) coaches at no charge.

Tournament Format

There are two (2) separate team divisions: boys and girls. Five (5) participating bowlers per team. Team roster is limited to eight (8) bowlers. The format is the same for each division.

Qualifying Round: All teams will bowl two (2) team games followed by two (2), 4-game Baker blocks. Based on the total scores from the Qualifying Round, eight (8) teams in each division will advance to the Championship Round. All ties for advancing teams will be broken by a 9th-10th frame roll-off (reg. A/1.23/a). Qualifying Round lane assignments will be determined by the tournament manager. **TEAM GAME SUBSTITUTIONS** - A coach is free to sub any bowler at any time for any reason in any frame or game "at will". However, the game score will not be credited to either the starting or replacement bowler.

NOTE: The scores from the Qualifying Round will only be used to: A) determine the teams that advance to the Championship Round and, B) to determine five (5) individual members of the all-tournament team in each division. The scores from the Qualifying Round do not carry over to the Championship Round.

Championship Round: The Championship Round will consist of an "eliminator" format. The top eight (8) teams in each division, sorted into two 4-team groups (1-4-5-8 & 2-3-6-7) will bowl 4 Baker games across 4 lanes. The top 2 teams from each group will then advance to bowl 4 additional Baker games across 4 lanes. Finally, the top 2 teams will advance to the final Championship Round match consisting of 2 Baker games with the 2-game total determining the tournament champion. The total of the 4 Baker games in each of the 1st 2 blocks will determine the advancers to the next round. Ties for advancing teams in any Championship Round block will be broken by a 9th-10th frame roll-off (reg. A/1.23/c). **Final tournament standings:** The top 8 final tournament standings will be identified by the highest losing seed in each Baker block.

Lane play: All teams will bowl on a sport pattern provided used by the USBC Collegiate Program. **There will be a separate pattern suitable for each gender.** All teams in the Qualifying Round will move after game 1, game 2, and for the two (2) 4-game Baker blocks (see lane assignment sheet). The lane patterns will be on display in the tournament office and will be posted on **raidersbowling.com** one week before the tournament.

Awards: The 1st and 2nd place teams in each division will receive a team trophy. The members of the 1st & 2nd place teams will each receive team medals. The five (5) members of the all-tournament team in each division will receive medals.

Why a Collegiate “Challenge” Tournament for High School Bowlers?

High-tech equipment and forgiving lane conditions tend to conceal weaknesses in the games of even the top young bowlers. Competing on the lane patterns used in the highest level of competition can help you find and eliminate weaknesses in your game. Competitive lane conditions emphasize the utmost in shot and decision making, equipment selection, and spare shooting. It requires bowlers to repeat good shots, make adjustments, and assists in the development of accuracy in the successful attainment of high scores.

High school bowling is a competitive, no handicap, athletic venue. Experiences gained on a collegiate lane pattern force bowlers to work harder on their game to improve basic skills. Having the experience of bowling on a challenging lane pattern better prepares young bowlers to face the multitude of lane conditions found on the road to the high school state championship.

Well coached young bowlers who have such experiences and learn to master challenging lane conditions can “rule the world” in competitions on house patterns often found in high school conference play.
